

OPTiM Exhibits Optimal Biz for Mobile and Optimal Remote at Mobile Asia Expo in Shanghai

Tokyo, Minato-ku -- Jun 20th, 2012 -- OPTiM Corporation today announced that it exhibits Optimal Biz for Mobile and Optimal Remote at Mobile Asia Expo in Shanghai.

“Optimal Biz for Mobile” is Mobile Device Management (MDM) software, to manage a large amount of mobile devices and reduces workload on security settings and maintenance. The software enables control on web browsing and application execution as well as locking devices remotely to protect stolen or lost devices.

“Optimal Remote” is remote control software by sharing a screen of user’s PCs, Macs and devices with Google Android OS, with an operator and reduces time for asking detail on the phone. The software enables the operator to provide instructions and to control the user’s device on behalf of the user.

Optimal Biz for Mobile and Optimal Remote support Windows 8.
